The modern one
- Air distributor cream
The classic one

- Very flat inside the vehicle for more through-space
- Technically optimised to ensure very quiet air conditioning
- Honeycomb-shaped air filter system cleans the inner air
- Dimmable LED ambient lighting

APP-SOLUTE CONVENIENCE WHEN ON THE MOVE

The free Truma App allows you to operate all elements of the Truma iNet System via one clear and intuitive user interface.

THE MOST IMPORTANT FUNCTIONS AT A GLANCE:

- Operate your Truma appliances via smartphone or tablet
- Control your on-board equipment and power supply (e.g. grid power and on-board voltage)
- Frost protection thanks to an alarm function that is activated when a set temperature is undercut

*** COMBINE INET WITH A TRUMA AIRCON FOR FULL CLIMATE CONTROL**

Installed from £399
* requires inet ready system

FIAMMA TURBO VENT | £399

- Silent operation
- UV resistant
- Reverse rotation option
- Clear and white option available
- Low energy consumption
